# Our Inspiration

The G.R.D. Trust was founded in the Coimbatore district during the year 1979 by Prof. G.R.Damodaran (1914-'86) at the behest of his son Dr.D.Padmanaban to promote Institutions and programmes of Education, Research and Extension related to emerging scientific and professional areas. Prof. G.R.Damodaran, acclaimed as an educational visionary and an Institution builder par excellence, developed the PSG Group of Institutions into nationally renowned centres of excellence in Arts, Humanities, Engineering, Applied Sciences and Management. Over a period of four decades of dedicated endeavour, Dr. G.R.Damodaran held, with great distinction, numerous positions of leadership, covering a wide range of educational agencies and initiatives as listed below:

- ❖ As Chairman of the Southern Regional Committee of the AICTE
- ❖ As Member of the AICTE and some of its boards
- ❖ As Chairman of the Government of India's High Power Committee on the Reorganization of Polytechnic Education (1969-'70)
- ❖ As Member of Parliament and a Member of the Legislative Council, Tamilnadu.
- ❖ As Vice – Chancellor of the Madras University
- ❖ As Chairman and member of a large number of State and National level Committees related to several aspects and sectors of Education.
- ❖ We take great pride in being privileged to absorb from him a legacy of ideas and approaches, passed down through generations, centered on the core values of relevance, quality, futurism, student-centricity, and the ongoing enhancement of facilities, faculty, and curricula, all while upholding a strong sense of responsibility to society.

At the GRD Institutions considerable attention is devoted to the enhancement of employability and placement of the Students. As a part of this effort, I am glad that the Dr. G. R. Damodaran College of Education is bringing out a placement profile highlighting the salient features of the training and achievements of the Student Teachers, who will be leaving the portals of the Institution during May, 2025. I am also happy that our College has trained Students in as many as 10 specializations and there are Postgraduates as well, among them.
