The Examination Committee of the College met on 6th January 2023 (Friday) to pass the results of the UG, PG Degree and PG Diploma Courses (Except I & II MBA, I MIB, I MCA, I & II PGDED and I PGDR) for the Term End Examinations of November / December 2022.

Dr T Santha, Principal, Dr. GRDCS and Chairman, Examination Committee welcomed the members of the Examination Committee. She briefed the examination and valuation schedule to the members. The Chairman appreciated the work done by the HODs/Directors and COE section staff during the Term End Examinations - November / December 2022.

The Chairman stated the norms of existing moderation (awarding upto 2 marks per subject, subject to a total of not more than 5 marks in all subjects together) being followed for marginal cases of failed students. The Committee *resolved* that the existing moderation practice be followed to enable a pass in the subject/s concerned and the results be passed accordingly.

The Head of the Departments presented the tabulated marks of their respective departments of the UG, PG Degree and PG Diploma courses before the members.

The Principal, Chairman putforth the resolution of the Standing Committee of the Academic Council the following resolution with regard to the additional subjects studied by the students who transferred from other institutions during the intermediate semester.

'Resolved that from the academic batch 2021 onwards, for the students who are admitted to the intermediate semesters from other institutions as per Outcome Based Education curriculum, to avoid the disarray in passing minimum marks in both Continuous Assessment and Term End Examinations of previous semester's additional subjects that the student has to complete in our curriculum, the Term End Examinations Marks obtained by the student will be awarded as the Continuous Assessment mark also.

The members discussed the same and recommended that for the additional subjects of the transferred/readmission students, instead of considering the TEE marks as Continuous Assessment (CA) marks, the CA components can be assessed and the marks obtained by the student can be taken into account. The overall attendance percentage of current semester can be considered for awarding the CA component for attendance marks. After discussion, the committee resolved that from 2022 batch onwards, the transferred/readmission students should be awarded CA marks only based on the assessment of Continuous Assessment components by the department.

The Chairman informed the members about the cases of malpractice noted during the regular Term End Examinations by the invigilator and squad members. The evidentiary documents relating to the malpractice [the confession letter given by the perpetrators, report of malpractices submitted by the concerned invigilators / squad members, details of malpractice recorded by the COE section, the answer scripts and incriminating material (bit papers with answer content)] were placed on the table. After scrutinizing the performance of the students involved in malpractice, the members suggested to cancel only the particular subject for the students for which the malpractice was recorded.

After discussion, it was resolved that the following examinations (in which malpractice was involved) taken by the students during the TEE - November / December 2022, be cancelled.
